

December 2016

Dear Wheelchair Basketball friends,
Dear Basketball family,

First and foremost, I would like to congratulate the International Wheelchair Basketball Federation (IWBF) for an extremely successful year 2016.

Once again, IWBF, in cooperation with the IPC and Rio 2016, ensured that wheelchair basketball was the most successful sport during the 2016 Paralympic Games.

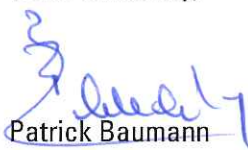

I personally had the chance to attend a couple of Games in Rio and was – as always – fascinated by the intensity and the passion the players bring to the court.

It is with tremendous pleasure we observed the professional growth of IWBF. We are convinced that this will enable you to bring your sport and your organisation to a whole new level in every aspect.

We are glad to be a partner of IWBF and we look forward to continuing our prestigious and fruitful cooperation!

(S)wishing all of you a relaxing festive season, I remain

Yours Sincerely,

Patrick Baumann
Secretary General
